

### Course Exemption Request Form

Students in Physics and Astronomy may request exemptions from core and elective courses if similar courses at the graduate level at peer institutions were taken. Please fill in the information below and contact the Director of Graduate Studies for your PhD program if you would like to request an exemption. Transcripts must be provided to the DGS.

Name: Gabriel Casabona ID: 3194689

Program: Physics

Course to be exempted	Grade earned	Name of institution	Why you should be exempted
Quantum Mechanics	A-	University of Massachusetts Dartmouth	Combined with my Quantum Field Theory class, I feel like I have learned an adequate amount to satisfy my knowledge of quantum mechanics for my research field.
Quantum Field Theory	A-		
Math Methods	B+		I feel like I have learned an adequate amount to satisfy my knowledge of math for my research field, apart from the other math courses I will be taking.
Stellar Astrophysics	B+		I feel like I have learned an adequate amount to satisfy my knowledge of stellar structures for my research field, apart from the other courses I will be taking.
